

Nord Pool's ftp server - directories and contents

Updated July 2009

This document lists the various types of information available for downloading from Nord Pool's ftp server. Access to the ftp server is by subscription and/or by a special agreement. All participants trading at the Nordic Power Exchange have ftp access.

The contents of the ftp server are listed according to the structure of the server's file directory. Most of the files are available in both .xls (Excel spreadsheet) and .sdv formats (Text format). The year/date designation for recorded data is generally part of the file name, according to the convention: ww = week, yy = year, mm = month, dd = day. Data for previous years are found in own "Years" subfolders; yyyy = year.

All catalogues have English names and have been organized in folders together with interrelated files. The files have English and Norwegian names.

Separate agreement catalogues

To access the following catalogues all FTP-users need a separate agreement with Nord Pool Market Data Services.

Member_Financial
Participant_Physical
Newspaper
Reports

Elbas

\Elbas\yyyy

ebyyyymmdd.sdv	Prices and turnover for Sweden and Finland. Prices in EUR/MWh and volume in MWh/h. Prior to 6 September 2001, prices are in SEK and FIM. The file is updated daily (for the following Elbas delivery day).
-----------------------	--

Elspot

\Elspot\Border_tariff

\Elspot\Border_tariff\yyyy

btyymmdd.xls/sdv	Files contain Elspot market border tariffs between Sweden and Denmark, per hour. Calculated in SEK. The files were updated every day following Elspot price setting. Files before 1 March 1999: contains border tariffs between Finland and Sweden. Files covering 1 July 1999 through 30 Sept. 2000: contain border tariffs between Sweden and Denmark West. From 1. October 2000 border tariffs also contain Sweden and Denmark East. The border tariff between Sweden and Denmark East/West was eliminated 1. March 2002.
-------------------------	--

\Elspot\Bus_bar_connections

\Elspot\Bus_bar_connections\yyyy

knukoder.xls	Busbar connections, voltages, and ID numbers, with codes, and countries for the Nordic electricity market.
kpnoyyww.sdv	Busbar connections related to price area definitions, by week. Hourly Elspot and Regulating Power Market prices. The file should be used with the "pono" file to obtain specific busbar connection prices. The "pono" files are available under catalogue \Operating_data\Norway

\Elspot\Elspot_capacity

\Elspot\Elspot_capacity\yyyy

scapyyww.xls/sdv

Files showing transmission capacities per hour in MWh/h between the different Elspot bidding areas. Files are updated daily before Elspot bidding, generally 10:45 and then after final price setting.

\Elspot\Elspot_file

\Elspot\Elspot_file\yyyy

spotyyww.sdv

These files contain hourly spot prices for all Elspot areas and buy and sell volumes for each area. It also includes the Elspot system price and reference price in Norway. Volumes at System Price and at Norwegian Reference Price are also included. The first file: Week 1-2000. Reference prices in Norway files come first on 1. January 2001. The file is updated every day.

\Elspot\Elspot_flow

\Elspot\Elspot_flow\yyyy

sfloyyww.sdv

The file contains the planned cross-border Elspot power flow, per hour, among the countries (MWh/h). Data from 1 July 1999. The file is updated once a day, after the Elspot price has been set, normally before 14:00.

\Elspot\Elspot_rate

\Elspot\Elspot_rate\yyyy

elrateyyyy.sdv

Daily currency exchange rates applied to Elspot contracts. One file for each year. The file is updated every day.

\Elspot\Elspot_prices

\Elspot\Elspot_prices\Bus_bar_prices

\Elspot\Elspot_prices\Bus_bar_prices\yyyy

pnokyyww.sdv

Prices for spot and regulating power in **NOK** for trading points: Alta,

psekyyww.sdv	Bardufoss, Bergen, Bremanger, Copenhagen, Gjøvik, Helsinki, Hopen, Hove Kanstadbotn, Kontek, Kirkenes, Kristiansand, Kristiansund, Leirdøla, Leivdal, Mosjøen, Narvik, Oslo, Porsgrunn, Stavanger, Stockholm, Stord, Tromsø, Trondheim, Vinje, Ålborg, Ålesund, Århus. Also, System Price and currency exchange rates.
pdkkyyww.sdv	Prices for spot and regulating power in SEK for trading points: Alta, Bardufoss, Bergen, Bremanger, Copenhagen, Gjøvik, Helsinki, Hopen, Hove Kanstadbotn, Kontek, Kirkenes, Kristiansand, Kristiansund, Leirdøla, Leivdal, Mosjøen, Narvik, Oslo, Porsgrunn, Stavanger, Stockholm, Stord, Tromsø, Trondheim, Vinje, Ålborg, Ålesund, Århus. Also, System Price and currency exchange rates.
peuryyww.sdv	Prices for spot and regulating power in DKK for trading points: Alta, Bardufoss, Bergen, Bremanger, Copenhagen, Gjøvik, Helsinki, Hopen, Hove Kanstadbotn, Kontek, Kirkenes, Kristiansand, Kristiansund, Leirdøla, Leivdal, Mosjøen, Narvik, Oslo, Porsgrunn, Stavanger, Stockholm, Stord, Tromsø, Trondheim, Vinje, Ålborg, Ålesund, Århus. Also, System Price and currency exchange rates.
peuryyww.sdv	Prices for spot and regulating power in EUR for trading points: Alta, Bardufoss, Bergen, Bremanger, Copenhagen, Gjøvik, Helsinki, Hopen, Hove Kanstadbotn, Kontek, Kirkenes, Kristiansand, Kristiansund, Leirdøla, Leivdal, Mosjøen, Narvik, Oslo, Porsgrunn, Stavanger, Stockholm, Stord, Tromsø, Trondheim, Vinje, Ålborg, Ålesund, Århus. Also, System Price and currency exchange rates.

PSEK_Ddd.xls/sdv	Average prices on the Elspot Market for selected cities in the Nordic Power Exchange area, represented by Oslo, Kristiansand, Bergen, Trondheim, Tromsø, Stockholm, Helsinki, Copenhagen, and Århus. System Price, prices in SEK /MWh, and volume at System Price in MWh/h.

\Elspot\Elspot_turnover

\Elspot\Elspot_turnover\yyyy

turnoveryy.xls/sdv	Elspot volume, listed by System Price per hour.
---------------------------	---

\Elspot\file_specification

Elrate-eng.doc	File description of the data structure of the Elrate file.
PNOK-SEK-FIM-DKK- -EUR-eng.doc	File description of the data structure of the pnok, psek, pfim, pdkk, and peur files.
SCAP-eng.doc	File description of the data structure of the Elspot capacity file.
SFLO.doc	File description of the data structure of the Elspot flow file.
SPOT-eng.doc	File description of the data structure of the Spot file.

Financial_market

\Financial_market\Daily_closing_prices

\Financial_market\Daily_closing_prices\yyyy

NP-closing_prices_yy.xls/sdv	Prices for each listed product series as calculated by Nord Pool every trading day, distributed by Nord Pool, and applied by NECH for
-------------------------------------	---

Collateral Calls and Settlement.

\Financial_market\Index

\Financial_market\Index\yyyy

indexyyyy.sdv	The content of the index file is calculated on a daily basis and stored for each trading day. The index is showing the estimated power price 365 day ahead.
----------------------	---

\Financial_market\Option_fixing_prices

option_fixing.xls/sdv	A price calculated for the Underlying Contract at Expiry Date for an Option Contract, following the rules for Final Closing Price calculations. The file contains data from 1999 on.
------------------------------	--

\Financial_market\Product_calendar

Calendar-financial-prod.xls/csv	Product specifications for all tradable products listed on the financial market at Nord Pool ASA.
--	---

\Financial_market\Tradable_options

opt_prod.xls/csv	Tradable Power Options, listed for next day of trading. Updated every day before 16:30.
-------------------------	---

\Financial_market\Product_specification

Spec_APO.pdf	Specifications for Asian-style Power Options. A summary description of Asian-style Power Options.
Spec_EPO.pdf	Specifications for European-style Power Options. A summary description of European-style Power Options.

\Financial_market\Quotation

\Financial_market\Quotation\yyyy

cpyymmdd.sdv	Key figures regarding prices and traded volumes for futures, forward and options contracts traded via Nord Pool's financial market. This file, which replaced Klyymmdd.sdv\xls beginning 26 July 2000, is generally updated by 17:00 each trading day.
---------------------	---

\Financial_market\Quotation\Tick data

\Financial_market\Quotation\Tick data\yyyy

International Power Tick data yyyy.csv	Tick data from Nord Pool's international markets. Shows each tick through the entire trading day. It also includes data from the OTC market
---	---

Nordic Power Tick data yyyy.csv	Tick data from Nord Pool's Nordic market. Shows each tick through the entire trading day. It also includes data from the OTC market
--	---

\Financial_market\Overview_files

futfwd.csv	Price quotations in NOK at Nord Pool's financial market for futures and forward power contracts. Updated every 10 minutes while trading is in progress.
-------------------	---

options.csv	Price quotations in NOK for Power Options. Updated every 10 minutes while trading is in progress.
--------------------	---

Green_markets

\Green_markets\CO2_allowances

\Green_markets\CO2_allowances\Cleared_volume

\Green_markets\CO2_allowances\Cleared_volume

EUA-yy.xls	The total traded volume pr. day from Nord Pool and the OTC market. The file is updated every day after trading hours.
-------------------	---

\Green_markets\CO2_allowances\Daily_closing_prices

\Green_markets\CO2_allowances\Daily_closing_prices

EUA_Closing_prices_yy.xls	Closing prices for each listed product series as calculated by Nord Pool every trading day, distributed by Nord Pool, and applied by NECH for Collateral Calls and Settlement.
----------------------------------	--

\Green_markets\CO2_allowances\Daily_key_figures

\Green_markets\CO2_allowances\Daily_key_figures

EUAMMM-yy.xls	Key figures regarding prices and traded volumes for CO2_allowances contracts traded via Nord Pool's Green Market. The files contain closing prices, best buyer and seller, first traded, last traded, lowest traded, highest traded, volume and open interest. One file pr. Contract
EUASPOT-xls	

\Green_markets\CO2_allowances\Overview

\Green_markets\CO2_allowances\Overview

eua.csv

Price quotations in EUR at Nord Pool's Green market for CO2 allowances contracts. Updated every 10 minutes while trading is in progress.

\Green_markets\CO2_allowances\Quotation

\Green_markets\CO2_allowances\Quotation\yyyy

cpeuayymmdd.csv

Key figures regarding prices and traded volumes for CO2 allowances contracts traded via Nord Pool's Green Market. This file is updated by 16.00 on each trading day. One file for each trading day.

Green_markets\Elcertificate\Sweden

\Green_markets\Elcertificate\Sweden\Quotation\yyyy

ecsyyyy.csv

Key figures regarding prices and traded volumes for el-certificate contracts traded via Nord Pool's financial market. This file is generally updated by 16:00 each trading day.

Information

\Information\Ftp_notes

yymmddxxxx.doc

Each file describes a change made to the FTP server. Examples are: change of a file's content or format, new file added, or new FTP server directory.

\Information\Help_files

Adobe Acrobat Reader EXE file for Windows 3.1

AR32E301.EXE

Adobe Acrobat Reader EXE file for Windows 95/NT

Nppres2000.xls

Help file for Microsoft Excel 2000, consisting of several macros for extracting and presenting data from **ponoyyww.sdv**, **pnokyyww.sdv**, **psekyyww.sdv**, **peuryyww.sdv**, and **pfimyyww.sdv** files.

Nppres97.xls	Help file for Microsoft Excel 97, consisting of several macros for extracting and presenting data from ponoyyww.sdv , pnokyyww.sdv , psekyyww.sdv , peuryyww.sdv , and pfimyyww.sdv files.
NPpres95.xls	Help file for Excel version 5.0, consisting of several macros for extracting and presenting data from ponoyyww.sdv , pnokyyww.sdv , peuryyww.sdv , psekyyww.sdv , and pfimyyww.sdv files.

\Information\Ftp_outline

Outline_ftp.pdf	The file for this document: Nord Pool's ftp server — directories and contents.
------------------------	--

Information\Product_calendar

Prod_calendar.sdv/xls	Product specifications for all tradable products listed on the financial market at Nord Pool ASA
------------------------------	--

NECH

\NECH\Cleared_volume

\NECH\Cleared_volume\yyyy

clear-yy.xls/sdv	Information about the volume of contracts registered for clearing by NECH that were traded in OTC and bilateral markets. The file contains daily volume totals in GWh for futures, forward, and options contracts.
-------------------------	--

\NECH\Span

\NECH\Span\yyyy

NORDICSPAN.FULL.yyyymmdd.	SPAN parameter file generated by the Nordic SPAN system for use in calculating security requirements. The file is updated daily.
----------------------------------	--

\NECH\Span_specification

This directory contains descriptions and file specifications for the various SPAN files.

/NECH/EUR_elrate**Cleuyyww.sdv**

This file contains Euro exchange rate NECH for each week of the year.

NEWSPAPER

\NEWSPAPER**dap.sdv****di.sdv****dn.sdv****fip.sdv**

Futures and forward contract prices in NOK and traded volumes at the Nordic Power Exchange. Access to this directory is restricted; it is a subscription-based service for newspapers.

OPERATING_DATA

\Operating_data\Denmark

Operating_data\Denmark\yyyy

podkyyww.sdv

The file contains Danish power production, consumption, cross-border exchange, and regulating power prices and volumes per hour. Regulating power prices are in DKK. Denmark East was integrated and implemented to the Nordic Exchange Area 1. October 2000. Beginning 1 November 2000, TSO (Transmission System Operator) net power trading is included. The file is updated hourly.

\Operating_data\External_capacities

Operating_data\External_capacities

xcapyyww.sdv

The file shows day-head capacities for Sweden - Germany, Sweden - Polen, Russia – Finland, Russia – Norway, Eidskog – Charlottenberg, Denmark West – Germany and Norway – Netherlands. These interconnections are not a part of the regular Elspot capacities which are used in the price calculation.

\Operating_data\Finland

\Operating_data\Finland\yyyy

pofiyyww.sdv

The file contains Finnish production, consumption, cross-border power exchange, and regulating power prices and volumes per hour. Prices are in EUR. Beginning 1 November 2000, TSO (Transmission System Operator) net power trading is included. Regulating power prices are in EUR/MWh. The file is updated hourly.

\Operating_data\Norway

\Operating_data\Norway\yyyy

ponoyyww.sdv

Price and volume in the spot and regulating power markets, as well as Norwegian production, consumption, and net physical exchange. Prices are in NOK. Beginning 1 November 2000, TSO (Transmission System Operator) net power trading is included. The file is updated hourly.

\Operating_data\Sweden

\Operating_data\Sweden\yyyy

poseyyww.sdv

The file contains Swedish production, consumption, power adjustment market prices/volumes (discontinued 31 March 1999) and regulating prices/volumes. Prices are in SEK. Beginning 1 November 2000, TSO (Transmission System Operator) net power trading is included. The file is updated hourly.

\Operating_data\File_specification**PODK.doc**

File description of the data structure of the PODK file.

POFI.doc

File description of the data structure of the POFI file.

PONO.doc

File description of the data structure of the PONO file.

POSE.doc

File description of the data structure of the POSE file.

\Reports\Country

\Reports\Country\yyyy

NO-yyyy-ww.pdf

Country Report for Norway. Shows total Norwegian power production, consumption, and net exchange. The report, which is published weekly, includes information about temperature, precipitation, reservoir levels and influx, and planned outages in the Norwegian production and grid systems. The report is in Norwegian. Access to the report is by subscription.

\Reports\Clearing

\Reports\Clearing\yyyy

otcyymmdd.xls/sdv

Information about OTC- and bilateral-market contracts registered for clearing by NECH beginning in 2002. Contains the following transaction data for each contract type (product): highest and lowest traded price per contract type, MW per contract type, MWh per contract type, open balance in MW and MWh. The file is updated every trading day after registration of OTC/bilateral-market contracts has ended, normally by 16:30.

optyymmdd.sdv

Information about OTC/bilateral-market options contracts registered for clearing via Nord Pool. In sdv format; the file is built up in the same way as the OTC/bilateral clearing information file **otcyymmdd.xls/sdv**.

OTC_dayfile.xls/sdv

Intra-Day file containing information about OTC- and bilateral-market contracts registered for clearing via Nord Pool. The report's spreadsheet file is overwritten with each trading day's new entries.

\Reports\Kraftfax

\Reports\Kraftfax\yyyy

kf-yymmdd.pdf

Prices and volumes on the Nordic Power Exchange's Futures, Forward, and Power Options markets. The closing price for each contract type, best bid and asked prices at closing time, highest and lowest traded price per contract type, first traded price for each product, MW per contract type, MWh per contract type, open balance in MW and MWh. Snapshot of Elspot prices and turnover, and planned Elspot exchange between countries. Also, the GWh volume of OTC/bilateral-market contracts registered for clearing via Nord Pool, and currency exchange rates. This report, called "PowerFax," is published daily, normally before 17:00.

\Reports\Nordic_elm_info

\Reports\Nordic_elm_info\yyyy

ENG_yyww.pdf

Total Nordic electricity market power production, classified under the headings Hydropower, Nuclear Power, and Other Thermal Power. Consumption and total exchange in the Nordic Electricity Market. Elspot and financial market prices and turnover. Planned outages in the next six weeks in the entire Nordic Power Exchange area. This weekly report, “Nordic Electricity Market Information,” which is in English, conveys key figures for the Nordic Power Exchange area. (Adobe Acrobat .pdf format).

UMM

\UMM

\UMM\nnnnn.xml

nnnnn.xml

An UMM (Urgent Market Message) message is sent if an incident, plan or change of plan occurs. It’s a simple generation of messages informing about the reason and consequences of planned, unplanned production and consumption outages and planned and unplanned transmission outages. One file pr incident will be generated.
